OPTIMISM AND PROSPERITY

TO OUR PATRONS:

The KEYNOTE OF SUCCESS is Optimism and this spirit of aggressiveness displayed by the producers of food stuffs and our industries must surely result in an early restoration of TRADE ACTIVITIES and GENERAL PROSPERITY.

All products have passed through a period of inflated values, rested for a time on the summit of high prices, then gradually declining, seeking that level of stabilization familiarly called NORMAL CONDITIONS. That level may ultimately be reached but in the meanwhile a series of market advances and declines will no doubt be experienced.

There is at present an unmistakable sign of business improvement, influenced by a thorough reduction of surplus goods and stimulated by the activities of our governmental agencies. The timely calling of the BUSINESS CONFERENCE was needed to start business moving in the right direction, and later the ARMAMENT CONFERENCE to relieve the burden of excessive taxation for unproductive purposes and to instill a confidence that the future holds a new world morality.

Our country is one that seems to measure its consumption of food in proportion to its business activity; hence an increased demand can be anticipated. Your ability to join the forward movement may depend on your requisites for maximum economical production. Of these supplies, a generous assortment will be found in our spacious warehouses, all carefully selected from manufacturers and growers of known QUALITY REPUTATION so that we are able to meet promptly your most exacting demands.

Your continued GOODWILL will be an inspiration for us to endeavor to serve you better.

Yours very truly,

TAYLOR BROTHERS

SOME TIME-SAVING HINTS

Special attention is given to 'phone orders. Our Bell 'Phone, No. 3320. Keystone, 53 and 54. When our operator responds state what department you wish to speak to and you will be connected, thus enabling you to order from the proper person to insure immediate attention.

Mail orders are solicited, and the department is organized for accuracy and promptness.

All goods delivered FREE ON BOARD cars Camden, or boat Philadelphia.

When ordering state clearly the varieties desired, and whether substitution can be made in case we are out of the article ordered.

Also state plainly the station and route to which shipment is to be made.

Bags and sacks are additional at value.

All perishable goods shipped at purchaser's risk.

Prices quoted for shipment by Parcel Post are for the first zone only.

TERMS:—Are net cash ten days, to those who have an account with us. Others are requested to send remittance with orders. We cordially invite charge accounts from those who send satisfactory business or bank references.

All Quotations Subject to Market Changes.

FARM AND GARDEN SEEDS

VEGETABLE growing whether for home use or for the market requires the most improved and standard type of seeds. The growers recognizing the importance of this, naturally supply their requirements from SEED HOUSES OF LONG ESTABLISHED RELIABILITY, in whom the greatest confidence can be placed. Being thoroughly acquainted with local conditions, understanding the kind and quality of seeds our customers need, we therefore, select the most responsible growers whom we know from long experience will furnish seeds true to name and of high germination.

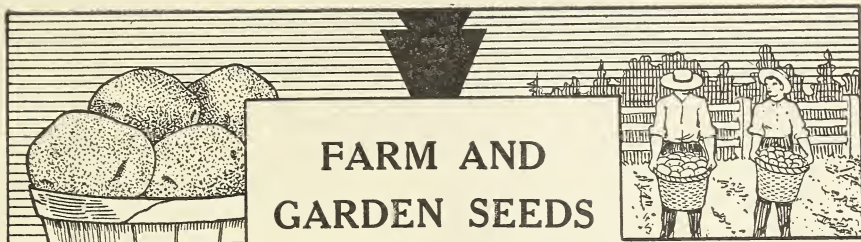

We are strictly a Gardener and Farmers' Seed House, practical in every sense of the word, hence our experience with every phase of the business, for over a half century, enables us to render most dependable service. The steady enormous growth of our seed business year after year is conclusive proof that our seeds and service have given satisfaction.

SPECIAL—DON'T FORGET—When ordering seed sent by mail to add 6 cents per pound and 12 cents per quart for postage, and it is always best to give us the option on a substitution.

While we believe prices quoted are the best prices to be offered, still they are subject to market changes.

Salesroom, Front and Market Steets

FARM AND GARDEN SEEDS

WE ARE STRICTLY a garden and farmers' seed supply house, using the same care in selection of our seed stock from reliable growers as would be exercised by the most particular gardener or trucker.

SPECIAL—DON'T FORGET—When ordering seed sent by mail to add 10c per pound and 15c per quart for postage.

TAYLOR BROTHERS' LAWN GRASS SEED

THE attractiveness of a suburban home is greatly increased by a well kept, closely-cut lawn. In order to obtain this, an important feature is securing the right kind of mixture; something that will remain fresh and green in hot weather. Taylor Brothers' Lawn Grass will form a deep green velvety lawn in a few weeks' time. A

mixture of the finest and most desirable grasses which gives satisfactory results.

Plain

1 qt. pkg.	\$0.25	4 qt. pkg.	\$0.80
2 qt. pkg.45	8 qt. pkg.	1.50
½ bu.	2.85	1 bu., 14 lbs. . .	5.50

With White Clover

1 qt. pkg.	\$0.30	4 qt. pkg.	\$0.90
2 qt. pkg.50	8 qt. pkg.	1.65
½ bu.	3.10	1 bu., 14 lbs. . .	6.00

SEA SHORE LAWN MIXTURE

In order to obtain a fine lawn at the shore a foundation of ashes or clay gives the best result. With a rich top dressing and our Lawn Mixture, a fine lawn can be made in a very short time.

20 lbs. to bushel.

PRICES: 1 qt. pkg.	\$0.35	¼ bu.	\$2.25
2 qt. pkg.65	½ bu.	4.40
4 qt. pkg.	1.25	1 bu.	8.00

SHADY LAWN MIXTURE

A special mixture for all shady places, produces a fine lawn under very shady trees, where no other grass would grow.

20 lbs. to bushel.

PRICES: 1 qt. pkg.	\$0.35	¼ bu.	\$2.25
2 qt. pkg.65	½ bu.	4.40
4 qt. pkg.	1.25	1 bu.	8.00

PERMANENT PASTURE GRASS

Composed of the most nutritious grasses for grazing. Will last a long time and thrive under most all conditions, owing to the number of grasses used in the formula of mixture.

20 lbs. to bushel.

PRICES: 1 qt. pkg.	\$0.25	¼ bu.	\$1.50
2 qt. pkg.45	½ bu.	2.90
4 qt. pkg.85	1 bu.	5.50

TAYLOR BROTHERS' FERTILIZER, FOR GRASS

PRICES: 5 lb. pkg.	\$0.20	10 lb. pkg.	\$0.40
----------------------------	--------	---------------------	--------

WHEN TO PLANT SEEDS

The seeds of farm crops may be divided into two classes, according to the temperatures at which they will germinate or sprout readily and can be safely planted, and the blossoming time of fruit can be taken as a more certain guide than any arbitrary calendar date.

1st Class. —Those seeds that will germinate or sprout at an average temperature of forty-five degrees in the shade, or at about the time the peach and plum trees blossom.				
Barley	Red Clover	Carrot	Parsnip	Onion
Oats	Crimson Clover	Cabbage	Kale	Pea
Rye	Grasses	Cauliflower	Lettuce	Radish
Wheat	Beet	Endive	Parsley	Spinach
				Turnip

These can be planted with safety in the spring as soon as the ground can be prepared, and some of them if planted in the fall, live through the winter.

2d Class.—Those seeds that will germinate or sprout at an average temperature of sixty degrees in the shade, or when the apple trees blossom:

Alfalfa	Cotton	Pole Bean	Okra	Pumpkin
Cow Pea	Egg Plant	String Bean	Squash	Tomato
Corn	Soy Bean	Melon	Cucumber	Pepper

For other Fertilizers, see pages 35 and 56.

VALUABLE PLANTS FOR SUMMER FORAGE AND ENSILAGE

(For prices see pages 3 to 8)

Crimson Clover. Solves the problem of cheap manuring; it is the great nitrogen gatherer and economizer in the use of fertilizers. Improves poor lands and restores to fertility those that have been worn down by excessive cropping. May be planted in spring, summer and fall. Splendid for reseeding Red Clover that has been winter killed. Sow 15 to 20 pounds per acre.

Soja or Soy Beans. One of the most remarkable drought resisting crops under cultivation. Will thrive under the most adverse conditions; tremendous yielder and valuable soil improver.

Cow Peas. When planted in rich soil make an enormous growth of vine of high feeding value and equal to clover for enriching the ground if plowed under Black Eye, Clay, Black and Whippoorwill Gray Crowder. New Era varieties are adapted to Northern growth. Sow 1 to 1½ bushels broadcast, or drill 20 to 30 pounds per acre.

Sorghum. (Early Amber.) This plant is fast coming to the front for summer pasture or forage. It withstands drought and grows luxuriantly when the grasses and even Millets are burned out with the dry summer heats. It makes excellent hay. Sow broadcast 1 to 1½ bushels, or drill 10 to 20 pounds per acre. Early Amber is best for this latitude.

Kaffir Corn. Is a non-saccharine Sorghum grown for the seed, which is good for poultry and cattle. Cultivation same as for Sorghum.

Canada Field Peas. These are very valuable for fattening stock, and can also be grown for soiling purposes, but are of greater value for fodder when fed as ground feed, or the vines can be cured for hay, which is of great nutritive value. They can be sown alone or with oats; if sown alone, sow 2 bushels to the acre; if with oats, sow 1 bushel of peas and 1½ bushels of oats.

Spring Vetches or Tares. (*Vicia Sativa*.) These are a species of pea, and grown extensively for stock feeding. Are excellent food for hogs and also a most valuable fertilizer. 50 to 60 pounds are sown per acre and cultivated same as field peas.

Winter Hairy or Sand Vetch. (*Vicia Villosa*.) Can be sown from July to November broadcast, at rate of 20 to 30 pounds per acre, with one bushel of oats or wheat, or 40 to 50 pounds if sown alone. Will grow on most any soil and produce a good crop. Splendid as a soil improver or for feeding.

Dwarf Essex Rape. It can be sown in drills far enough apart to cultivate, or broadcast. If sown in drills, but 7 pounds per acre are necessary. The best way is to sow it broadcast on very clean soil, or to sow it with your spring grain at the rate of 15 pounds per acre.

Speltz. Makes excellent pasture and good hay if cut at the proper season. The straw is stiff and does not lodge easily, and the grain does not shell out. Dry weather does not seem to have any effect on it whatever. It is a wonderful stooler and a robust grower and can be fed same as oats with the hulls. Every farmer should grow it. Sow at the rate of 50 to 60 pounds per acre.

Teosinte. (*Reana Luxurians*.) Its value lies in the fact that it can be cut several times during the season, and when allowed to remain without being cut attains a height of 12 feet. We would advise sowing the seed in rows 3 feet apart and the hills far enough to work, putting in three seeds about every 12 inches in the drill.

Sweet Clover, Bokhara (*Melilotus Alba*), also Yellow Blossom (*Melilotus Officialis*). While extensively used as a bee food, these clovers are valuable varieties for soiling (green manure); for sowing in the spring on lands which are later to be sown in alfalfa. They grow from 3 to 5 feet high, according to soil and location. Sow 15 lbs. per acre in early spring, alone, or 10 lbs. per acre with other crops.

Sudan Grass. For summer forage or grass crop will produce two or three cuttings each season, stools out thickly after the first cutting, makes a most nutritious and desirable forage crop. Sow in drills 10 lbs. to acre, broadcast 25 lbs. to acre.

GRASS SEEDS

(For prices, see pages 7 and 8)

Awnless-Brome Grass. (*Bromus Inermis*.) A valuable grass for light, dry soils. Will stand long droughts and produce heavy growths where other grasses frequently fail. 30 pounds to the acre. Bushel, 14 pounds.

Alfalfa. As a fertilizing, land-enriching crop, it is unequaled. The roots sink down into the earth searching for nourishment and bringing to the surface the chemicals and fertilizing materials that have been stored 10 to 15 feet deep. One seeding stands for years. All cattle are fond of it. If possible, sow with oats at the rate of 15 pounds per acre, or if the land is very poor, sow 3 pounds more. The first season the growth will be very light, but don't be worried if the plants are small and several inches apart, for that means the next season you will probably get from 3 to 5 tons per acre, and it increases for several years, producing as high as 10 tons; but that is a very large yield. It should be cut down when in full bloom, but don't cut too early and be careful not to allow it to become water soaked after cutting, as it greatly reduces its value for feeding.

Blue Grass. (Kentucky.) Extra fancy cleaned. One of the most valuable sorts for lawn purposes, and as pasture grass is indispensable. This grade is best for sowing lawns. Sow 3 to 5 bushels per acre for lawn; for pasture, sow $2\frac{1}{2}$ bushels. Bushel, 140 pounds.

Clover, Red. Fine quality, high germinating seed, free from foreign matter. 60 pounds per bushel.

Clover, Alsike (Swedish). Harvested with great care; the finest product of the market. 60 pounds per bushel.

Clover, Scarlet (Crimson). Used principally as a soil restorative. Both Delaware and Imported seed. Best quality. 60 pounds per bushel.

Clover, White Dutch. For thickening the growth of the lawn, a better seed could not be used. Our grade is extra fine and we can say every grain will germinate. 60 pounds per bushel.

Clover, Mammoth Pea Vine or Sapling. Grows much taller than the Common Red Clover, with larger, leafier stalks.

Canadian Blue Grass. Adapted especially to high, dry situations. Fine for permanent pasture. Bushel, 14 pounds.

Creeping Bent Grass. (*Argostis Stolonifera*.) Excellent for lawns; succeeds well in all locations; makes a low, velvety growth. Bushel, 20 pounds.

Crested Dogtail. An excellent grass for hard, dry soils; valuable for pastures or lawns; 25 pounds to acre. Bushel, 21 pounds.

English Rye Grass. (Perennial Rye.) Fine for an immediate effect. Bushel, 24 pounds.

Herd or Red Top, Fancy Hulled. Extra recleaned seed, free from chaff. Bushel, 32 pounds.

Herd or Red Top Grass. Jersey and Western. Very popular for field use. Bushel, 10 pounds.

Hard Fescue. Thrives well in dry situations where many other grasses fail; 30 pounds to the acre. Bushel, 12 pounds.

Hungarian. Like German in growth, distinguished by brown color seed.

Italian Rye Grass. An annual; quick in maturing. Bushel, 22 pounds.

Meadow Fescue. English Blue Grass. An excellent grass for permanent pasture or hay. Bushel, 22 pounds.

Meadow Foxtail. An elegant pasture grass. Bushel, 7 pounds.

Millet, German or Golden. Best known of all varieties; has, in consequence, a large sale; is a medium early forage plant, prolific in stalk and grain.

Millet, Common. Has a smaller seed head than German and does not produce as heavy a growth of forage.

Millet, Japanese. (Barnyard.) It yields an enormous crop of forage, which is greatly relished by stock. When cured, it makes an excellent hay.

Millet, Siberian. Grown largely in the Northwest, and is there considered better than any other. It yields a heavy crop of superior forage and seeds abundantly.

Natural Green Grass. Largely used on lawn and field. Bushel, 14 pounds.

Orchard Grass. For pasture, sowing under orchards or shady places. Bushel, 14 pounds.

Rhode Island Bent Grass. (*Agrostis Canina*.) Resembles Herd Grass, forming a fine turf, even on thin soils. Doing especially well in salt atmospheres. Sow 40 pounds to the acre. Bushel, 15 pounds.

Timothy Seed. Best grades, strictly recleaned. 45 pounds per bushel.

Wood Meadow Grass. Particularly adapted for pleasure grounds and lawns; will grow under trees where few other grasses can exist. Bushel, 14 pounds.

Quantity of Seed Requisite to Produce a Given Number of Plants and Sow an Acre

	Quantity per Acre	
Artichoke, 1 oz. to 500 plants.....	6	oz.
Asparagus, 1 oz. to 800 plants.....	1	lb.
Asparagus Roots.....	1,000	to 7,250
Barley.....	2 1/4	bu.
Beans, Dwarf, 1 pint to 100 feet of drill.....	1	bu.
Beans, Pole, 1 pint to 100 hills.....	1 1/2	bu.

STRONG

FOOD

WE HAVE NEVER PUT ON THE MARKET or OFFERED our PATRONS A FOOD that has caused so much comment or produced such pleasing results as our O. D. O. (BUTTERMILK BABY CHICK FOOD). It contains all the necessary elements to carry the chicks over the ten-day critical period, which includes Prepared Oats, Corn, Wheat Middlings, Powdered Buttermilk, Cooked Wheat, Bone Meal, Meat, Millet, Rape, Epsom' Salts, Red Pepper, Gentian, Ginger, Caraway.

CHICKS FED ON O. D. O. are full of life, STRONG AND HEALTHY AND GROW LIKE WEEDS. Every customer that has tested O. D. O. claims it to be the BEST FOOD for raising Young Chicks that they have ever used.

THE O. D. O. BABY CHICK FOOD

FEEDING DIRECTIONS:—Don't feed food of any kind to young chicks until they are out of the SHELL 48 HOURS, nature provides sufficient sustenance to carry them over this period. After this time has elapsed feed O. D. O. in clean hopper or pan, just enough so they will clean it up in 20 minutes. FEED FOUR OR FIVE TIMES A DAY. Constantly keep before them water or milk with chill taken off in plate or shallow pan. Also BABY SIZE of CRYSTAL GRIT, CHARCOAL, Etc.

WE MAKE QUALITY FEEDS

FOR PARTICULAR PEOPLE

KEYSTONE SCRATCH FOOD

WHEN WE BEGAN the preparation of KEYSTONE SCRATCH FOOD, we were particularly guided more by quality than any other thought, although price was given our next consideration. As a matter of fact we feel that we made no error in maintaining our former methods of *quality first*. That is why our entire line of KEYSTONE FOODS including our KEYSTONE SCRATCH are regarded as the best brand of Poultry and Pigeon foods on the market. It is not always good policy or economy to mix poultry rations at home, as it requires considerable time, besides it is quite necessary to use the proper ingredients and in such proportions to give best results. KEYSTONE SCRATCH contains the necessary elements and ingredients to produce more eggs, which is the profit payer or foundation of poultry success.

ANALYSIS: Protein, 10.5 per cent. | Fat, 3 per cent. | Fiber, 4 per cent.

	2,000 lb. lots.....	2.60 cwt.	6¼-lb. bags, each.....	.22

THIS IS THE FEED THAT MAKES

POULTRY RAISING PROFITABLE

DANDY SCRATCH FOOD

THE DANDY SCRATCH food is similar in appearance to the KEYSTONE SCRATCH, although not quite as high in protein, which is due to a few less ingredients. In preparing our DANDY SCRATCH it was our aim to put on the market a clean uniform balanced ration, that would be equal to any of the Popular Brands, and which could be sold at a price within the views of every Poultry raiser.

It is quite gratifying to mention so far every customer is pleased with THE DANDY. It is the feed that MADE POULTRY RAISING PROFITABLE. A TRIAL means a NEW CUSTOMER.

TAYLOR BROS., Camden, N. J.

KEYSTONE CHICK FOOD

It is obvious that an organism made up of well-defined elements must require those elements to maintain health and promote growth. We have combined the elements necessary for a chick's growth in our Keystone Chick Food, which is a scientifically balanced ration, consisting of sound grains and carefully selected seeds, and which never varies in proportion or quality.

For best results, feed, in connection with KEYSTONE GROWING MASH, the Keystone Chick Food of small quantity in a litter of some kind. Preferably morning and evening, larger quantity in evening. Feed grains of some kind for the noon time meal or the Keystone Substitute for Grains.

ANALYSIS: Protein, 10 per cent. | Fat, 3 per cent. | Fiber, 3 per cent.

PRICES:	50 lbs.	\$1.70	100 lb. lots.	\$3.00
	500 lb. lots.	2.96 cwt.	1,000 lb. lots.	2.93 cwt.
	2,000 lb. lots.	2.90 cwt.	6¼-lb. paper bags, each.25

FOR EGGS—EGGS—EGGS

Feed the 50-50 Egg Formulas. Keystone Mash (Laying) and Scratch Food or the Dandy Laying Mash and Scratch Food.

Yolks and Whites in both
Scientifically Balanced

DAILY FEEDING DIRECTIONS

MORNING—Feed four pounds KEYSTONE SCRATCH FOOD in straw or its substitute to 100 laying hens.

NOON—Feed greens of some kind, as sprouted oats, cabbage, lettuce, kale, mangels.

EVENING—Feed eight pounds more of the KEYSTONE SCRATCH FOOD in straw as above, two hours before roosting time.

KEYSTONE LAYING MASH

Protein constitutes the nitrogenous portion of the food, and is required to grow bone, muscle, feathers and eggs; keep the blood in healthy condition and repair waste tissues.

ANALYSIS: Protein, 20 per cent. | Fat, 5 per cent. | Fiber, 4 per cent.

Contains 20 per cent. Buttermilk; meat and fish meal.

PRICES:	50 lbs.	\$1.60	100 lb. lots.	\$2.80
	500 lb. lots.	2.76 cwt.	1,000 lb. lots.	2.73 cwt.
	2,000 lb. lots.	\$2.70 cwt.		

IN ADDITION

Have accessible plenty of clean water, sharp grit, oyster shells, charcoal or the KEYSTONE EGG PRODUCER and REAP BUSHELS OF EGGS.

Never feed more than the birds will clean up before next feeding. This wastes money and makes birds lazy.

CAUTION

Watch closely, see if birds are eating as much of the MASH as the Grain ration, if not reduce Grain ration for morning, feeding only two pounds in place of four pounds.

KEYSTONE MILK MASH—25% Milk

For Best Results.

Milk Mash must be fed dry in connection with the O. D. O.—after chicks are 3 or 4 days old, preferably in a small hopper accessible at all times. Don't forget the water or milk with chill off, keep chick size Crystal Grit, Charcoal, etc., before them at all times.

ANALYSIS: Protein, 20 per cent. | Fat, 4 per cent. | Fiber, 1.5 per cent.

PRICES:	50 lbs.	\$2.28	100 lb. lots.	\$4.15
	500 lb. lots.	4.11 cwt.	1,000 lb. lots.	4.08 cwt.
	2,000 lb. lots.	4.05 cwt.	6¼-lb. paper bags, each.30

Taylor Bros., Camden, N. J.

Gentlemen: In reply to your letter of the 13th inst. in regard to your O. D. O. Baby Chick Food I wish to say my customers like it very much, and the chicks do to, they seem to start growing at once and keep in a good hearty and healthy condition.

Yours respectfully,

(Signed) C. Harry Ward.

If you are not making money from your pigeons and your stock is of known reliability, you had better investigate your feed. Almost all of the failures in the squab business are attributed to careless, improper feeding. There is no economy in cheap, mildewed or partly spoiled grain; only trouble, sickness and mortality. Feed only the best; which is to say—feed Keystone brands. They are carefully balanced to meet the requirements of the birds, and never vary from an established prime quality. Pigeons fed upon our foods are sure to be prolific, and the squabs will develop quickly and become unusually large.

ANALYSIS: Protein, 16 per cent. | Fat, 3.5 per cent. | Fiber, 4 per cent.

PRICES:	50 lbs.....\$1.83	100 lb. lots.....\$3.25
	500 lb. lots..... 3.21 cwt.	1,000 lb. lots..... 3.18 cwt.
	2,000 lb. lots.....\$3.15 cwt.	

DAILY FEEDING DIRECTIONS

MORNING—Feed four pounds of the **DANDY SCRATCH FOOD** in straw or its substitute to 100 laying hens.

NOON—Feed greens of some kind, as sprouted oats, cabbage, lettuce, kale, mangels.

EVENING—Feed eight pounds more of the **DANDY SCRATCH FOOD** in straw as above, two hours before roosting time.

Much can be said in favor of this food, aside from the attractive price. For best results this should be fed in connection with the Dandy Scratch Food.

ANALYSIS: Protein, 18.5 per cent. | Fat, 6 per cent. | Fiber, 3 per cent.

PRICES:	50 lbs.....	\$1.55	100 lb. lots.....	\$2.70
	500 lb. lots.....	2.66 cwt.	1,000 lb. lots.....	2.63 cwt.
	2,000 lbs.....	\$2.60 cwt.		

The Dandy Chick Food is very similar in appearance to our Keystone Brand of Chick Food and also contains many of the same ingredients. It is giving excellent satisfaction and we would be glad to have you give it a trial.

ANALYSIS: Protein, 10 per cent, | Fat, 4 per cent. | Fiber 3 per cent.

PRICES:	50 lbs	\$1.58	100 lb. lots	\$2.75 cwt.
	500 lb. lots	2.71 cwt.	1,000 lb. lots	2.68 cwt.
	2,000 lb. lots	\$2.65 cwt.		

After the chicks are two to four weeks old, commence feeding the KEYSTONE GROWING MASH in a hopper easily accessible so chicks can get at it at all times, with the usual supplementations such as Chick Food on next page, water or milk with the chill off, crystal grit, charcoal, etc.

ANALYSIS: Protein, 18 per cent. Fat, 6.5 per cent. Fiber 14 per cent.

PRICES:	50 lbs.....	\$1.60	100 lb. lots.....	\$2.80
	500 lb. lots.....	2.76 cwt.	1,000 lb. lots.....	2.73 cwt.
	2,000 lb. lots.....	\$2.70 cwt.		

This formula contains elements necessary for health of the bird, also furnishes the proper material, so the laying hen can meet the expectation of the Poultryman. Place in some receptacle, easy of access at all times, also have plenty of clean water.

ANALYSIS: Protein, 7.5 per cent. | Fat, 2.5 per cent. | Fiber, 1.5 per cent.

PRICES:	50 lbs.	\$1.28	100 lb. lots.	\$2.15
	500 lb. lots.	2.11 cwt.	1,000 lb. lots.	2.08 cwt.
	2,000 lb. lots.	2.05 cwt.	614-lb. paper bags, each. .	.20

Keystone Developing Food is composed of various uniform ingredients, which contain the proper elements for the development of young stock. It has given excellent satisfaction.

ANALYSIS: Protein, 10 per cent. | Fat, 3 per cent. | Fiber, 2 per cent.

PRICES:	50 lbs.	\$1.50	100 lb. lots.	\$2.60 cwt.
	500 lb. lots.	2.56 cwt.	1,000 lb. lots.	2.53 cwt.
	2000 lb. lots.	\$2.50 cwt.		

KEYSTONE HEALTH FOODS

THE secret of successful poultry raising is to produce eggs when they are selling at a high market. The first step in this direction is to maintain a healthy flock. Keystone Health Foods are to secure maximum egg production at a minimum cost and effort on the part of the feeder.

KEYSTONE DUCK FATTENING FOOD

This formula is one long used and highly recommended by a very successful Long Island Duck Farmer. It contains six varieties of Grain Products, best suited and blended in proper proportions to accomplish results desired.

ANALYSIS: Protein, 19 per cent. Fat, 7.5 per cent. Fiber, 3 per cent.	
PRICES: 50 lbs.	\$1.63
100 lb. lots	\$2.85
500 lb. lots	2.81 cwt.
1,000 lb. lots	2.78 cwt.
2,000 lb. lots	\$2.75 cwt.

KEYSTONE ALFALFA MEAL

Among green foods, alfalfa stands at the top. Our Keystone Pea Green Alfalfa Meal is the result of a special process of milling, triple cut. When used with the mash, Keystone Alfalfa Meal, is mixed dry with other foods and scalded or boiled with them. When fed in connection with dry grains, it should be scalded in a trough or other vessel and left for the fowls to eat at will.

ANALYSIS: Protein, 12 per cent. Fat, 1.5 per cent. Fiber, 3.5 per cent.	
PRICES: 50 lbs.	\$1.33

50 lbs.	1.68
100 lbs.	2.97
500 lbs.	2.93 cwt.
1,000 lbs.	2.90 cwt.

KEYSTONE FISH MEAL

This food is recommended for those who prefer feeding fish meal to beef, or where it is desired to use both, which makes an excellent combination. It is manufactured from strictly fresh fish, scientifically cured, and guaranteed to contain only the purest articles. It is, in fact, equally as pure as any fish prepared for human consumption, and just as fresh. Experiment Stations endorse Fish Meal, and it is in use on thousands of farms.

ANALYSIS: Protein, 55 to 60 per cent. Fat, 4 per cent. Fiber, 2 per cent.	
PRICES: 50 lbs.	\$1.90
100 lbs.	\$3.40

Dr. Edward W. Rossell, 8th & Cooper Streets, Camden, says: "I have been using the Tabro Spark Plugs about one year and can fully recommend them as being one of the best 'Plugs' on the market."

KEYSTONE SALT CAT

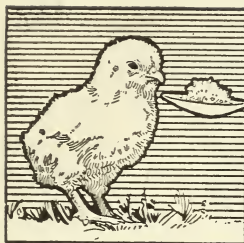

This preparation is compounded from a reliable recipe, and contains those aromatic and tonic properties required by fancy and homing pigeons, pheasants, game fowls, etc. Try it once and you will never be without it. It is put up in 1-pound bricks, carefully packed in pasteboard boxes.

KEYSTONE GRANULATED BONE

ANALYSIS: Ammonia, 4½ per cent. | Bone Phosphate, 47 per cent.

PRICES: { 50 lbs. \$1.82 100 lbs. \$3.24
 500 lbs. \$3.20 cwt.

KEYSTONE FINE GROUND BONE MEAL

This product is virtually the same as our Granulated Bone, except that it is reduced through a finer sieve, and therefore more suitable for mixing with the dry mash. It is especially valuable when fed sparingly to little chicks after they are two weeks old.

ANALYSIS: Ammonia, 4½ per cent. | Phos. Acid, 21½ per cent. | Bone Sulphate, 47 per cent.

PRICES: { 50 lbs. \$1.72 100 lbs. \$3.04
 500 lbs. \$3.00 cwt.

KEYSTONE CRUSHED OYSTER SHELLS

Grit to grind the feed, charcoal to keep it sweet, and oyster shells to supply lime for the eggs—this is a trilogy never to be overlooked. Our shells are dried by a patent hot air process, and not by direct fire which burns out most of the desirable elements. The shells are then ground and screened to three sizes—coarse, medium and fine—also run of mill (mixed sizes). Write for quotations on large lots.

	50 lbs.	100 lbs.	500 lbs.	2000 lbs.
PRICES: { Medium.....	\$0.66	\$0.92	\$0.88 cwt.	\$17.00 ton

KEYSTONE EGG MAKER

Keystone Egg Maker is a compound of the most healthful ingredients, imported roots, herbs and barks, blended in the most exacting scientific manner, and guaranteed to make a perfect digestive tonic and stimulant. It regulates and purifies the fowls' blood and digestive organs, and in so doing sharpens and stimulates their appetites so that they crave large quantities of food; consequently, they are induced to lay. Just as the human desire for food becomes jaded and requires a tonic, so it is with chickens, only more so; and by feeding a mash containing Keystone Egg Maker a flock of hens will be kept in the pink of condition.

Keystone Egg Maker is put up in 42-ounce cartons, which contains 150 feeds for 10 hens.

PRICES: \$0.25 per package (Parcel Post, 7c extra); 12-pound bag, \$1.75; postpaid, \$1.92. 25-pound buckets, \$3.25; postpaid, \$3.55.

KEYSTONE LICE PAINT

This preparation positively kills red mites, which suck the blood of the fowl.

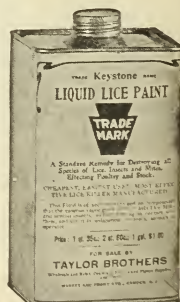

Keystone Lice Paint does effective work in ridding horses and cattle of lice, mites, etc. To kill lice on hogs, spray the bedding thoroughly with Keystone Lice Paint. Also coat the rubbing posts with the liquid.

PRICES: { 1 qt. cans, each..\$0.50 1 gal. cans, each....\$1.25
 { 1/2 gal. cans, each.. .75

KEYSTONE DISINFECTING FLUID

It is a powerful antiseptic, purifying and healing preparation, and one quart will make 50 quarts of the best kind of disinfectant. Use in poultry houses, stables, kennels and toilets.

PRICES: 1 quart...\$0.50 1/2 gallon...\$0.75 1 gallon...\$2.00

KEYSTONE HORSE FEED

Protein 9%

PACKED 100 LBS.

Fat 3%

KEYSTONE HORSE FEED is a complete full grain ration, composed of the very choicest ingredients including selected Pea-Green Alfalfa Meal, choice yellow Corn, fancy white Oats, and the best pure beet molasses. Each ingredient is a feed in itself, contains 80% grain and always uniform. You get the best when you order either of these feeds.

KEYSTONE
80% Grain

DANDY
60% Grain

DANDY

DANDY

HORSE FEED

Protein 9%

PACKED 100 LBS.

Fat 2½%

DANDY HORSE FEED is also a full Grain Ration—precisely the same ingredients as the Keystone except it contains 60% GRAIN which is more preferable by a great many than the 80% Grain which the Keystone contains. This is largely due to the fact that the selected PEA-GREEN ALFALFA MEAL used in these feeds is cooling and palatable which offsets the heating in corn.

The above feeds are made expressly for us and are fully guaranteed

KEYSTONE LICE POWDER

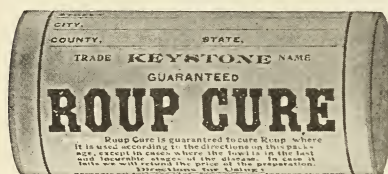

LOUSY fowls are unprofitable, and no poultryman can expect to make money if his hens are bothered with lice and mites.

Keystone Lice Powder is sure death to all insects on fowls, and will destroy lice on cattle and horses, ticks on sheep, and fleas on dogs. It is also excellent to use on plants and bushes as a protection against plant lice. Three sizes—5, 15 and 48 ounce boxes, the 5 and 15 ounce boxes equipped with patent sifter top.

	48 oz. box.....	.50; postpaid, .58

Special Price in Quantities.

Try our Dandy Scratch Food, made fresh daily from pure sweet grains and blended in the right proportion to produce excellent results.

**KEYSTONE ROUP CURE**

Roup is the terror of the poultrymen, and yearly thousands of fowls are lost because of failure to treat the disease properly. Your flock may be saved by buying now a package of Keystone Roup Cure. Roup usually follows neglected colds. It is catarrhal in its nature, and first symptoms are frothiness and bubbles in the corners of the fowls' eyes, generally accompanied by sneezing and snuffles. The discharge always has a foul odor, which thickens and clogs the nostrils. The bird's head usually swells, the eyes bulge, and thick, slimy masses form in the mouth. We put it up in two sizes, the small size making 25 gallons of medicine, the large size 75 gallons.

PRICES: \$0.25 and \$0.50 per box; by parcel post, 5 cents extra.

FERSUL

An odorless disinfectant, deodorizer and antiseptic. Kills germs and is a tonic. Fersul makes the air sweet and clean; an effective remedy for germ diseases.

(Signed) F. WARTBICHLER, Ashland, N. J.

BLATCHFORD'S EGG MASH

This mash furnishes a great surplus of nourishment which goes to the formation of eggs; hens enjoy it, and are kept in the best of health. All the ingredients of Blatchford's Calf Meal are included in this mash, making it virtually a milk feed. It is fed dry, just as it comes in the bag.

25 lb. bags, each \$1.20

100 lb. bags, each \$3.80

BLATCHFORD'S MAMMOTH MILK MASH

You can obtain the finest milk-fed broilers and roasters, without the trouble of feeding fresh milk, if you give your birds Blatchford's Milk Mash. It has for its base the well-known Blatchford's Calf Meal, and in addition, corn, oats, bone and barley meals, fish and beef scraps, middlings and powdered limestone. Feed it dry, just as it comes to you.

25 lb. bags, each \$1.45

100 lb. bags, each \$4.50

F. P. C. CHICK MANNA

For little chicks when first hatched; especially valuable for raising chicks in winter and early spring.

PRICES: { 1 lb. pkg., \$0.15; postpaid . . . \$0.20	5 lb. pkg., \$0.60; postpaid . . . \$0.68
{ 3 lb. pkg., .40; postpaid50	15 lb. pkg., 1.65; postpaid . . . 1.84

NOTE. All prices quoted are subject to market fluctuations and change in price without notice.

KEYSTONE GAPE CURE

Keystone Gape Cure is in a powdered form and used by mixing with the soft food. The medicinal properties are quickly absorbed into the circulation, which, coming in contact with the worms, kill them at once.

PRICE: Per box, holding sufficient for treating several hundred feeds, \$0.50; by parcel post, 5 cents extra.

KEYSTONE CHOLERA CURE

Cholera is one of the swiftest and most fatal diseases in the poultry yard, and is extremely contagious. Affected fowls should be separated at once and treated with Keystone Cholera Cure administered in the drinking water.

Each box contains directions for use.

PRICE: Each, \$0.50; by parcel post, 5 cents extra.

POULTRIOTONE FOR POULTRY

PRICES: 2 lb. pkg., \$0.50; postpaid, \$0.57

5 lb. pkg., \$1.00; postpaid, \$1.10

STERLINGWORTH DIARRHOEA REMEDY FOR POULTRY

A positive cure and preventive for Diarrhoea, including White Diarrhoea. This scourge has driven more poultrymen out of the business than any other disease.

PRICE: Per box, sufficient for several flocks, \$0.50; by parcel post, 5 cents extra.

RUST'S HAVENS' ROUP PILLS

For Roup, Catarrh, Colds, Pigeon Diseases, etc. Moderate size, and, therefore, easy to give to fowls.

PRICE: 50 pills in box, postpaid . . \$0.25

112 pills in box, postpaid . . . \$0.50

"OCULUM"

Scientific Remedy and Preventive for Cholera, Roup, White Diarrhoea and Sore Head; also Cure for Gapes. For inoculating, use the small syringe that goes with each bottle. Two sizes—\$0.50 and \$1.00 a bottle. By parcel post—\$0.55 and \$1.05.

IDEAL ALUMINUM LEG BANDS

When ordering specify the size of band.

No. 2 for Pigeons.

No. 6 for Hamburgs, Polish, Cochins.

No. 8 for Minorcas and Ducks.

No. 10 for Turkeys and Geese.

PRICES, postpaid: { 12 for \$0.15
 { 25 for30

50 for \$0.50
 100 for90

NORWICH AUTOMATIC EXERCISER AND FEEDER

THIS machine is as near perfection as human intelligence can make it. It consists of a hopper, to contain the feed, in the bottom of which is fitted an adjusting valve, which is set to allow such quantities of feed to escape as may be desired. Directly under the valve is located the deflector, upon which the feed falls and by it is scattered in a wide, even circle. As the fowl strikes the feed bar it sends a regulated shower of feed on the deflector and it is thus scattered.

PRICES: { No. 1, 8 qt., each... \$5.00 No. 3, 20 qt., each... \$6.50

Pratts.

POULTRY AND ANIMAL REGULATORS AND REMEDIES BABY CHICK FOOD WITH BUTTERMILK

Healthy birds and lots of eggs, the two big things in poultry raising, usually follow the use of

Pratts Poultry Regulator

Packages 25c., 50c. and \$1.10; 12 lb. pails, \$1.65; 25 lb. pails, \$3.00.

It builds up vitality, promotes sound digestion, sharpens appetite, thus helping to put birds into condition for heavy egg laying or winning blue ribbons.

Given to breeding stock it increases the fertility of eggs, strong in vitality, that will hatch chicks that will grow. Use it if you want big hatches of healthy chicks that will develop into

husky pullets and cockerels.

It will help prevent many of the common poultry ailments.

When baby chicks come, keep them healthy and growing, and bring even the weak ones along by feeding

Pratts Buttermilk Baby Chick Food

14 lbs. for \$1.25. Packages 25c. and 50c.

A largely predigested baby food for baby chicks. Guaranteed to raise every livable chick. Costs about a cent a chick for three weeks. Helps prevent leg weakness, white diarrhoea and "pasting up."

More work out of your horses, more milk from your cows, fatter hogs—these are a few of the benefits which come from using

Pratts Animal Regulator

This is the original and pioneer stock regulator of America. Tested thoroughly for nearly half a century, its worth is known and recognized by stock owners the world over. Always sold on a guarantee that it will satisfy you or your money back.

Packages 25c., 50c. and \$1.00. 12 lb. Bkts. \$2.15; 25 lb. \$3.40.

Don't let ROUP cut your profits. The sure and easy "ounce of prevention" against this dangerously contagious disease is

Pratts Roup Preparation

Tablets or Powder, 25c., 50c.

Quickly absorbed by the blood, helps purify the system, reduce fever, allay inflammation. The safe help for roup, colds, catarrh and many bad weather diseases.

Get rid of lice on your poultry, in nests, dustbaths, incubators and elsewhere by using

Pratts Powdered Lice Killer

25c. and 50c.

Effective, non-irritating. It quickly kills lice on little chicks, big chicks, setting hens and incubator chicks. It rids horses, cattle, hogs, dogs and cats of lice, and destroys ticks on sheep. It destroys many insects and bugs on vines, plants and flowers.

PRATTS Poultry Disinfectant. 1 qt. 55c., 2 qts. 95c., 1 gal., \$1.60.

PRATTS Head Lice Ointment. 35c.

PRATTS Condition Tablets. 25c. and 50c.

PRATTS White Diarrhoea Tablets. 25c. and 50c.

PRATTS Special Compound. (For Cholera.) 25c. and 50c.

PRATTS Healing Ointment 30c. and 60c.

GRAINS, SEEDS AND SUPPLIES

PRICES QUOTED ARE SUBJECT TO MARKET CHANGES

Barley. This is a fine feed for both poultry and birds; resembles oats. Price: \$2.00 to \$2.15 per cwt.

Broken Rice. Very desirable for young chicks. Try it.

PRICES: \$4.50 to \$4.75 cwt. Write for quotations on large quantities.

Buckwheat. Scatter this feed twice a week in the litter and then watch the results. Price: \$2.50 to \$2.70 per cwt.

Cake Meal. (Old Process). Used to mix with soft feed. Regulates the digestion and makes a nice glossy plumage. Price: \$2.95 to \$3.25 cwt.

White Feeding Peas. An excellent pigeon food; growing more and more into popularity. Price: \$5.50 to \$5.75 per cwt.

Peas. Green wrinkled. Whole. Excellent substitute for White. Price: \$3.80 to \$4.00 per cwt.

Peas. Green wrinkled. Cracked. Good pigeon and poultry food. Price: \$4.00 to \$4.25 per cwt.

Canary Bird Seed. Pure Dutch recleaned. Prices: Pound, \$0.08; \$5.50 to \$6.00 cwt.

Chicken Cracked Corn. Especially prepared for poultry; no waste; fresh every day. Send for sample and price. Analysis: Protein, 8.64 per cent.; fat, 3.9 per cent.; fiber, 1.68 per cent.

Cracked Corn for Pigeons. Made from highest grade corn; fresh daily. Write for prices. Analysis: Protein, 8.64 per cent.; fat, 3.9 per cent.; fiber, 1.68 per cent.

Milo Maize. For Pigeons and Poultry. Very nutritious. Market Price.

Flaked Oats. Extra nice. Market Price; bag 90 lbs.

Hemp. A fattening food for pigeons; makes squabs thrive. The greatest known food to tame wild birds. Price: \$2.00 to \$2.15 per bushel of 44 lbs.

Hulled Oats, Fancy. Clean and nutritious; free from dust and seeds; contains nothing but the kernel. Poultry relish this feed and it makes an extremely healthy diet. Market Price.

Kaffir Corn. A poultry and pigeon food; exceedingly nutritious, and poultry specialists say easily digested, hence the great feeding value. We carry both domestic and imported. Price: \$2.20 to \$3.30 cwt.

Large Yellow Bird Millet. (Imported.) Excellent for birds and especially fine for young chicks. Try it. Price: \$3.00 to \$3.25 per cwt.

Pin Head Oat Meal. Excellent for small chicks. Market Price.

Pure Ground Flax Seed Meal. Contains the oil. Just what you need.

PRICES:	5 lbs.....	\$0.50	25 lbs.....	\$2.00
	50 lbs.....	3.65	100 lbs.....	7.00

Rape Seed for Feedings. Used extensively to mix with other seeds for a scratch food. Also good for pigeons. Price: \$7.00 to \$7.50 per cwt.

Russian Sunflower Seed. (Large.) This makes a very excellent change of feed for poultry; they like and thrive on it. An egg producer. Market Price.

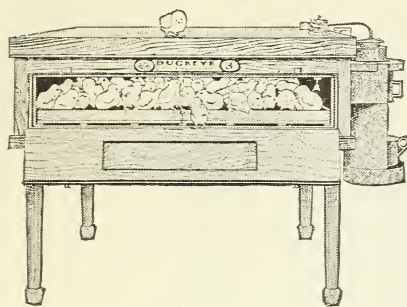

Argentine Sunflower Seed. (Small.) Price: \$4.75 to \$5.25 per cwt.

Tobacco Stems. Excellent nesting material. Lice cannot live where extensively used. Pigeon growers can't afford to use anything else.

Price: \$1.25 to \$1.40 per cwt., in bales from 175 to 250 lbs.

Wheat Screenings. One of the finest feeds for poultry. Write for quotation. Analysis: Protein, 12 per cent.; fat, 3 per cent.; fiber, 5 per cent.

Buckeye Standard Brooders

The Standard Brooder has actually revolutionized the whole poultry industry by helping the breeders to raise a much larger percentage of their young stock with just about one-fourth of the labor.

For the big breeder it has been a veritable God-send, and in a large number of cases has turned money losing propositions into highly profitable plants, while for the smaller breeder it has been just as valuable through its ability to bring the young stock to quicker maturity and saving many valuable fowl that, under ordinary conditions, never would have survived.

New Buckeye Blue Flame Brooders

Wickless

A High Power Oil Burning Brooder operates on same principal as the Standard Coal Burning Brooders, Self Feeding and Self Regulating.

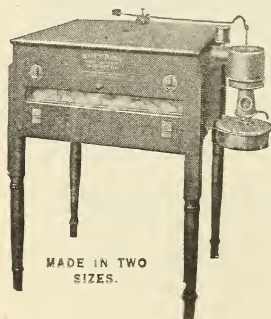

Showing a "Colony" Type of Oil-Burning Brooder (Small Size)
Taking Care of 75 Chicks.

Following the introduction of the "Colony" type of coal-burning brooders, the same general plan has since been adapted to kerosene burners of the blue-flame type. Such burners have been brought to a high state of efficiency so that they are free from dangerous gases and by using such burners in combination with the open canopy they have proven quite as satisfactory as the coal-burning type, when operated in rooms that are supplied with auxiliary heat or in buildings that are small enough to be heated by kerosene burners.

STANDARD CYPHERS INCUBATORS

No. 0.....	70 eggs, price complete.....	\$16.00
------------	------------------------------	---------

SUPERIOR HOT-WATER INCUBATORS

These machines are exactly what the name says. They are heated by hot water instead of with hot air and are "superior" in every detail. The water boiler and tank (tubular) are of heavy-weight copper. Lamp has seamless bowl; burner is best on market. Incubator case is of wood, attractively finished in golden brown, with brass trimmings (hinges, buttons, etc.) and has double walls, with air space insulation. Are equipped with Standard Cyphers zinc and steel, toggle-joint thermostat and knife-edge regulator. Have forced water circulation, and are automatic in ventilation. Roomy chick nurseries.

Are built in two sizes: 65 eggs, price complete, \$11.50; 130 eggs, price complete, \$19.00.

Messrs. Taylor Bros.,
Camden, N. J.

West Collingswood, N. J.

Gentlemen:—I have been selling the O. D. O. Buttermilk Baby Chick Food and it gives me pleasure to say my customers are all well satisfied with the results. They simply will not consider any other Brand. The O. D. O. is a wonderful food for baby chicks.

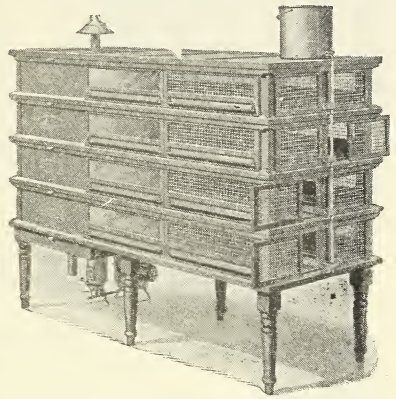

Yours very truly,
(Signed) BERNARD NICKEL

THE CYPHERS PARADISE BROODER

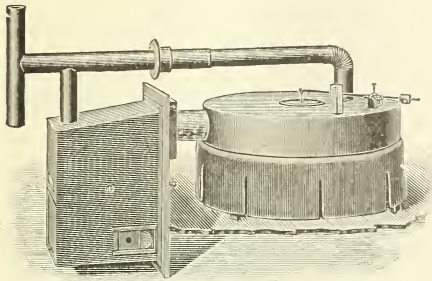

We believe the Paradise One-Lamp Sectional Brooder to be the best indoor brooding device invented thus far as a practical, convenient and economical nursery for newly hatched chicks and ducklings. It embodies the correct principles of brooding chicks and ducklings by artificial means. Heat is furnished in the right way for growing chicks. Plenty of light gets into each section. Ventilation of all parts of this brooder is thorough. There is plenty of room for exercise. Fresh water is easily supplied to each flock of chicks.

Complete brooder has four sections, each section holding two separate flocks of fifty chicks. Total capacity, 400 chicks. Means for feeding and caring for chicks are very convenient and chicks are always under control of the operator. One large oil heater provides warmth.

PRICES: Base section, \$17.50. Additional sections (can be added as desired), each, \$10.00.

Style "D" Indoor Brooder, \$12.00 each.

CYPHERS ADAPTABLE HOVER

The Cyphers Adaptable Hover is self-ventilating and self-regulating. It supplies a continuous flow of fresh, pure, warmed air under the hover, and at the same time maintains a steady, uniform heat. All the essentials of successful brooding of chicks are automatically provided. Thousands of poultry growers use this hover in raising big, strong flocks of chicks. It is "adaptable" to use in outdoor brooders, colony coops, portable houses, home-made

brooder coops made from dry goods boxes, piano boxes and organ cases, as well as indoors in large brooding houses. It is constructed entirely of non-combustible material, and bears the Fire Underwriters' inspected brooder label. Capacity, 100 newly hatched chicks, or 75 chicks that are ten days to six weeks old.

Price of Cyphers Adaptable Hover, \$9.50.

CYPHERS PORTABLE HOVER

Rated capacity, 100 newly hatched chicks, or 75 chicks that are ten days to six weeks old.

Price of Cyphers Portable Hover, \$9.50.

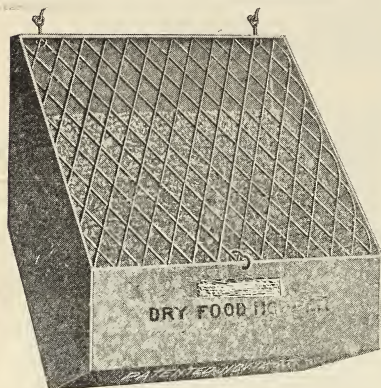

APACO POULTRY FEEDER

There is probably nothing in poultry accessories that has attracted such universal interest or that has been so widely and so quickly adopted as the system of automatic feeding, though it is not at all surprising, for naturally any device applying to any business which effects a saving of 25% in the raw material (in this case, grain) and reduces labor more than one-half, would find a ready market in any line.

Price, each, \$2.00.

Charles P. Brown, 28th and Tyler Ave., Camden, N. J., says: "He has never handled a baby chick food that has proven so successful as the O. D. O. It seems to contain the necessary elements to make chicks grow fast and strong. He expects his sales to increase double during 1922."

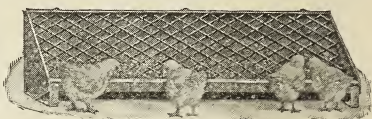

DRY FOOD HOPPER

The best food-saving dry food hopper on the market. Fowls cannot scratch food out and waste it, yet food is always in sight. It cannot clog, is easy to fill, easy to keep clean. The Boston Hopper is rat proof; it saves your feed for the fowls. Made in four sizes.

PRICES:

Large size, holds $\frac{1}{2}$ bushel, ea., \$1.30; Small, for meat scrap, holds 1 peck, each, \$1.15; Long chicken size, holds 1 peck, each, \$1.15; Small chicken size, holds $\frac{1}{2}$ peck, each, \$1.10.

GRIT AND SHELL BOX

Made of best grade of galvanized iron. Has three compartments—for grit, oyster-shell and charcoal. Cover or lid on a slant prevents fowls roosting on the box and keeps contents clean. It is necessary in every well equipped poultry plant. Made in one size only.

PRICES: Each, \$0.60; 3 or more, \$0.55 each.

DRY FOOD HOPPER

This hopper is similar to the grit and shell box, but is larger and has two compartments, holding three quarts in one and six quarts in the other. The ideal hopper for meal scrap and dry mashes.

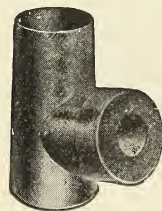

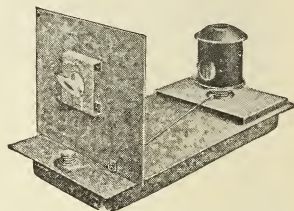

PRICE: Each, \$0.80.

CYPHERS INSULATED BROODER STOVE

For Use in Heating Home-Made Brooders

This long-bowl, improved safety stove combines a heater proper, a burner equipped with metallic chimney, an insulating plate that serves also as a stove slide, and an upright plate of galvanized iron that forms the door to the brooder through which the stove is operated. The flame can be adjusted and the oil-bowl filled without removing the stove from the brooder. Will burn 48 hours or more without refilling. This stove is convenient to use and absolutely safe from explosion.

PRICES: Each \$3.00. Six, \$2.75 each.

X-RAY EGG TESTER

Made to fit on an ordinary hand lamp. In a dark room the light will penetrate the shell and illuminate interior of egg.

PRICES: \$0.60; postpaid, \$0.65.

ELECTRIC

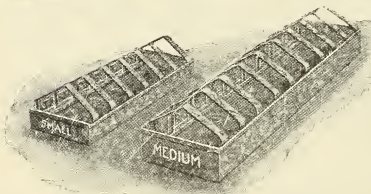

Fire Fly Egg Tester

Equipped with latest improved Tungsten batteries. Shows condition of egg at a glance. Will test from fifteen to twenty thousand eggs. PRICE: Parcel Post, \$5.00.

COMBINED FOOD AND WATER HOLDER

The guard lifts out of the pan, making the pan easy to clean. They are made of heavy galvanized iron, in three sizes.

PRICES: Small size, each, \$0.45; Medium size, each, \$0.55; Large size, each, \$1.00.

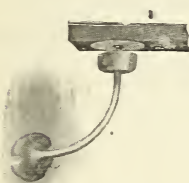

COMBINATION WATER FOUNTAIN AND FEEDER

Can be applied to any glass quart jar.

PRICES: Single, \$0.20 each; $\frac{1}{2}$ doz. lots, \$1.10 doz.; 1 doz. lots, \$2.15 doz.

NOTE: When ordering goods by Parcel Post be sure to include sufficient postage to avoid delay.

LICE-PROOF PERCH SUPPORTS

A BIG help in ridding your flock of lice and mites, and in keeping them away. The cup filled with oil stops the pests from crawling on to your fowls. A cup above oil cup keeps out dust and insures continuous protection. Are strongly made and easily put up with screws. Made in two styles—upright and wall for fastening to side walls.

PRICES: Upright, pair, \$1.20; six pair, \$6.00; Wall, pair, \$1.20; six pair, \$6.00.

KEEP CLEAN WALL FOUNTAIN

The construction of these fountains prevents the water from getting dirty and full of litter, yet allows fowls to drink water readily. They are very convenient to handle, and can be hung upon the wall above the floor, the back of the can being flat. They will not break by freezing.

PRICES: One gallon size, each, \$0.85; two gallon size, each, \$1.10.

SEPARABLE WALL FOUNTAIN

A labor-saving wall fountain that can be separated, or opened, for cleaning and filling. Water keeps clean in this fountain. Made of heavy galvanized iron, in two sizes.

PRICES: 5 quart size, each, \$1.00; 9 quart size, each, \$1.40.

FOOD OR WATER CUP

Japanned, strong and durable; holds one-half pint each, enough for all ordinary purposes. The wires can be bent to secure them to any style of coop.

PRICES: \$0.25; postpaid, \$0.30. Per dozen (weight, 3 lbs.), \$2.75.

SANITARY CHICK SERVER

This Popular Chick Server is used extensively for supplying food and water to small chicks, both on range and confined in brooders, brooding houses, etc. Consists of two parts only, is easy to clean and keep clean. Made in one size only.

PRICE: Each, \$0.40.

CYPHERS LICE POWDER

It is carefully compounded and contains no carbolic acid or chemicals.

DIGESTER TANKAGE

HOG money is big money if your hogs are fed Digester Tankage. It will increase your hog profits one-third and reduce your feed bills accordingly. Corn and other farm grains are rich in carbo-hydrates and fats, but low in protein, which is absolutely essential to secure economical feeding results. There are several sources of protein, and Digester Tankage is by far the cheapest. For proof of this compare the analysis of Tankage with that of any other food.

TABLE AND DAIRY SALT

Buy salt from us and you will get the best at the lowest prices. The Wigwam ranks very high and we would be very glad to quote prices in any quantity.

Wigwam Brand is a high grade, granulated vacuum process salt, especially refined for dairy, cooking, baking and table use, is strictly pure, sparkles like a diamond, the result of perfect crystallization, makes a brine as clear as crystal and will not harden in any climate.

Ground Salt (coarse grain) is the first product of evaporators and is a coarser grain than Perfection Brand. It is preferred by packers for pickling meats, etc.

Agricultural Salt is grades that have become discolored or dirty. It is used for fertilizing and for any purpose where quality is not essential. (We do not guarantee the quality of Agricultural Salt.)

Mineral Salt is white, bright, sparkling and clear (almost chemically pure). Used for packing meats, freezing ice cream, refrigeration, charging ice machines, pickling, salting hides and skins, and feeding horses, cattle and sheep.

Turk's Island Salt. Genuine article.

JERSEY BRAND POULTRY WIRE NETTING

FEW people realize what a vast difference there is in the quality of wire netting, and yet such is the case. And on a poultry farm where large quantities are used this factor becomes a very vital one. Cheap, inferior nettings soon rust out, and become a source of continual trouble and expense to the poultryman. Fence your plant with Jersey Netting and you have fenced it with the most durable. It is made of the best materials, heavily galvanized after it is woven, and guaranteed to be straight and free from any defects. We carry a large supply of this fencing in stock.

Taylor Bros., Camden, N. J.

Gentlemen:—I handle several different kinds of baby chick and growing feeds and find O. D. O. Baby Chick Food taking the place of older and established feeds which convinces me that O. D. O. Baby Chick Food must have merit.

Yours truly,

(Signed) A. H. Englerth, Ambler, Pa.

Inoculate your Alfalfa, Clovers, Cow Peas, Soy Beans, Vetches and all other Legume Crops with

Mulford Cultures

FOR LEGUMES

Small Cost
Easy to Use

Large Return
No Labor Expense

Uninoculated ALFALFA Inoculated
Photographed on same scale. Plant on left not
inoculated—Plant on right inoculated with
Mulford Culture for Alfalfa. All other
conditions identical.

THE CONTRAST SPEAKS FOR ITSELF

Mulford Cultures contain pure, tested strains of active, vigorous nitrogen-fixing bacteria, for inoculating seeds of legumes or soil.

Mulford Cultures are scientifically prepared and tested with the utmost care and skill. Enormous numbers of these very valuable and desirable bacteria are thus available to you in every package of Mulford Culture and may readily be applied to your seed. The sealed bottle insures purity.

Legumes offer the best-known means of maintaining soil fertility and rejuvenating over-cropped and worn-out fields. They add both humus and nitrogen to your soil and thus increase your yield of wheat, cotton, corn and other non-legume crops.

The U. S. Department of Agriculture and many State Agricultural Experiment Stations recommended inoculation of legumes with nitrogen-fixing bacteria to induce a prompt "catch" and increase your yield.

Mulford Cultures are prepared for

ALFALFA (Lucerne)	COW PEAS	GARDEN BEANS
CRIMSON CLOVER	SOY BEANS	GARDEN PEAS
SWEET CLOVER	PEANUTS	LIMA BEANS
RED CLOVER	VETCH	LESPEDeza
ALSIKE CLOVER	VELVET BEANS	BEGGAR WEED
BURR CLOVER	SWEET PEAS	AND OTHERS

Always specify on your order what crop you want to inoculate, as there is a different strain of bacteria for each legume.

SELECTED MAINE GROWN SEED POTATOES

OUR potatoes are grown expressly for seed purposes in Aroostook County, Maine; carefully selected, and the equal of any seed potatoes on the market. They are put up in barrel sacks of $2\frac{3}{4}$ bushels or 165 pounds in a sack.

We cannot quote prices in this catalogue for the reason that the value of Potatoes fluctuates constantly. Customers entrusting us with their orders, however, may feel assured that they will be charged the lowest possible price

for strictly Maine grown seed. Write us for quotations on carload lots or less.

SPAULDING ROSE medium size extra early variety.

Irish Cobblers. (Good keepers, vigorous and popular).

Early Ohio. (Old time favorite, matures early).

Beauty of Hebrons. (Very early and productive).

Green Mountains. (Big cropper, splendid cooker).

STAR WATER BOWLS

INCREASE THE MILK FLOW

Everyone knows that the more water a cow drinks the more milk she will yield; milk is about 87 per cent. water. But many dairymen do not know how much MORE milk a cow will yield when she can drink all the water she wants, exactly WHEN SHE WANTS IT.

PRICE: Each \$5.00

INOCULATED SULPHUR FOR POTATO SCAB

An economical simple practical but very effective control for POTATO SCAB. The potato disease commonly known as POTATO SCAB sometimes as "GRUBBY" or "WORMY" POTATOES, has reached a critical situation. It has been much worse during the past year than ever before, and THOUSANDS of FARMERS have found it this year for the first time in their fields.

The use of INOCULATED SULPHUR for the control of POTATO SCAB is comparatively simple, requiring no extra skill or special machinery. IT SHOULD BE BROADCASTED. This can be done with an ordinary seed drill, fertilizer broadcaster, or by hand, at the rate of from 300 to 600 pounds per acre after ploughing, or just previous to planting.

Price, f. o. b. factory, \$50.00 per ton.

Special price on carload lots.

KEYSTONE RUBBER ROOFING

JUST as a chain is no stronger than its weakest link, the security of a building is no greater than the integrity of its roof. Keystone Rubber Roofing is the choice of careful buyers who insist upon attractiveness, fire-resisting qualities and absolute weather protection at the minimum cost per year of service. It is made from the best, heavy tough felt fabric, saturated and coated with a flexible waterproof gum, and retains its life and flexibility for many years. We sell enormous quantities of Keystone Rubber Roofing, and are therefore able to quote the lowest possible prices. Samples will be sent upon request. Satisfaction guaranteed.

GASTINE America's Standard Carbon Remover

Removes Carbon—"Gastine" will keep your cylinders, valves, pistons, spark plugs, etc., "as clean as a whistle"—absolutely free from carbon deposits.

Increases Power—"Gastine" gives an increase of 30 per cent. in power and speed on the hills and on the level by giving at all times a perfect mixture that flows freely and constantly with every touch of the throttle.

Saves Gasoline—"Gastine" will positively give you at least "one-third more mileage" from your gasoline, as the concentrated oils used enable the user to allow a little more air to enter the carburetor, a proof that you are getting more miles to the gallon.

Guarantee

"GASTINE" is absolutely non-injurious to the finest motors; will not clog the feed pipe, and is sold with an absolute guarantee that your money will be cheerfully refunded if "GASTINE" does not meet every claim made for it.

Packed in cartons of 1 doz. packets of 100 tablets.

Price, 1 doz., \$11.00; less quantities, \$1.00 each.

BERRY CRATES AND BASKETS

THE progressive farmer and fruit grower realizes the importance of shipping his products in strong, well made, attractive carriers, and that if he does not do so he cannot expect top prices. We carry a full line of berry crates, baskets and carriers of standard make, the best obtainable, and will be glad to quote prices on carload lots or less. Let us know your requirements.

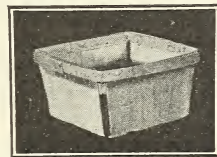

BERRY BASKETS

Standard quarts; oval pints. Thirty-two-quart berry crates. Dividers for crates.

BASKETS

Five-eighths bushel; six brace.
Half bushel; six brace.
Half bushel peach; best quality.
Hampers; best quality.

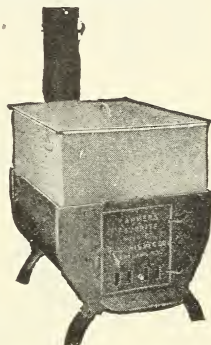

THE FARMERS' FAVORITE COOKER

It pays to use a cooker. A warm meal once a day for the cows will show surprising results in the milk pail. Hogs will respond much quicker if fed cooked feed. Poultry must have warm food for best results.

MYERS' COMPRESSED AIR SPRAYER

One of the special features of this sprayer is the nozzle by means of which the spray can be adjusted from a broad fine spray to a long distance spray throwing water 25 feet so that the tops of ordinary trees can be easily reached. This nozzle is adjusted by simply opening or closing the hand.

You will be more than pleased with this Pump which comes in one size only for spraying trees, gardens, flowers and plants.

Fig. 1862

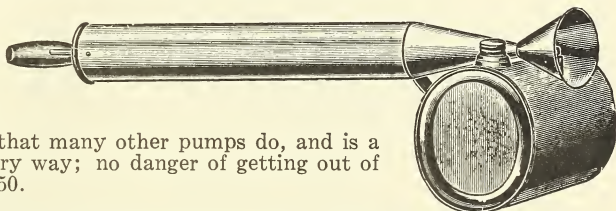

No. 296, Myers' Pneumatic Sprayer complete with hose and long distance nozzle.....Price, \$7.25
Pipe Extension for use with the No. 296 will be furnished at a small additional cost when desired.....Price, \$0.75

LOWELL FOUNTAIN COMPRESSED AIR SPRAYER

Does not require constant pumping. Has an Automatic Thumb Lever Valve. Most practical for Orchard, Field and Garden Work. Capacity 3 gallons. PRICE: No. 110, galvanized, \$6.50. No. 111, brass, \$8.75.

No. 333 CYCLONE SPRAYER

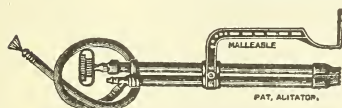

With quart tank underneath, double seamed heads, stationary tube; dimensions of cylinder, 13-4 x 8 inches; throws spray fine as mist; uses about one-tenth of liquid that many other pumps do, and is a satisfactory sprayer in every way; no danger of getting out of order. PRICE: Each, \$0.50.

LITTLE WONDER TORNADO SPRAYER

PRICE: Each.....\$0.50

MYERS' BUCKET SPRAY PUMP

Brass cylinder, not liable to corrode with acids; also foot rest to steady it with clamp to fasten to side of bucket. This is an easy working pump, as the forcing is done on the downward stroke. Will throw a stream fifty feet. PRICE: Each, \$5.00.

STANDARD SPRAYER, entirely different from any other sprayer. It is made of brass, completely finished, fitted with nozzles for spraying trees, shrubbery, and also extra nozzle for whitewashing. PRICE: \$6.00.

THE "NORCROSS" HAND GARDEN CULTIVATOR

Its work equals that of the highest priced wheel plow on the market; sells to those who have a small home garden. Made of first-class material, shovels forged from the steel prongs, every part being detachable. It works between rows, or the center shovel can be removed and the row straddled. It pulls the weeds, pulverizes the soil, is light, durable and easy to operate.
